

**11831_C1_Letter of Support
Emma's Landing, Geneva, IL
The Burton Foundation**

The Burton Foundation has met many times with and worked closely with the Village of Geneva to make this project possible. They have also attended public hearings together to complete the initial vetting for the zoning change and public input.

TBF requested a Letter of Support for the proposed Emma's Landing development from the Mayor of Geneva.

Unfortunately, due to delays in completing the sales/ donation agreement related to Covid-19, the City was unable to hold a City Council hearing approving the site control transfer prior to the IHDA deadline. A letter will not be provided prior to the City Council formal vote on donation of the land.

The City of Geneva is anticipated to vote on April 20, 2020 to approve the land donation. We anticipate being able to obtain a letter of support at that time.
